Engine Treatment 444 ml & 800 ml / 444 ml Product Code : I09 - 800 ml Product Code : I10
It reduces the wear caused by friction. It helps keep important parts of the engine clean. It improves the viscosity of the oil. It improves the lubrication by reducing the foaming of the oil. It makes the oil more fluid at low temperatures.

Engine Stop Smoke 444 ml & 800 ml / 444 ml Product Code : I21 - 800 ml Product Code : I41
It helps to reduce fat burning caused by wear. It helps to reduce the smoke caused by oil burning. It helps to improve exhaust emissions in such vehicles. It helps to reduce the soot formed in the engine and exhaust due to the reduction of oil burning. It reduces the wear caused by friction. It helps keep important parts of the engine clean. It improves the viscosity of the oil. It improves the lubrication by reducing the foaming of the oil. It makes the oil more fluid at low temperatures.

Lpg Engine Treatment 444 ml / Product Code : I20
It reduces the wear caused by friction. It helps keep important parts of the engine clean. It improves the viscosity of the oil. It improves the lubrication by reducing the foaming of the oil. It makes the oil more fluid at low temperatures.

Boron 250 gr / Product Code : I24
It is produced with nano technology using boron mine. It reduces damage caused by wear and maintenance costs. It helps to save fuel and engine oil. It reduces engine wear caused by friction and increases durability.

444 adds strength to your power

Nano Gearbox Protective Additive 185 ml / Product Code : I22

Reduced wear. Easier gear shifting. Extra protection in heavy loads. Manual transmissions and differentials operating under heavy conditions need extra lubrication.

Diesel Inj. and Pump Cleaner 300 ml / Product Code : I66

Helps to remove carbon deposits from injectors, cylinder walls and pistons. Keeps injectors and injection pump clean. It regulates the combustion of fuel and ensures efficient operation of the engine. It helps to remove the water formed in the fuel by absorbing it from the system. It reduces the exhaust fumes that pollute the air. By increasing the cetane number of the fuel, it helps to reduce fuel consumption by keeping the injectors, combustion chamber and fuel system clean.

Gasoline Inj. and System Cleaner 300 ml / Product Code : I68

It acts to prevent misfire, knocking and stalling caused by residues in the engine's combustion chamber. It also helps to increase the octane number of your fuel and reduce fuel consumption by keeping the injectors, combustion chamber and fuel system clean.

Particulate Filter Cleaner 300 ml / Product Code : I71

Helps solve DPF malfunctions and problems. Normalizes the regeneration process. DPF helps to clean and keep clean particulate filters that are too clogged to perform self-cleaning.

444 adds strength to your power

Radiator Cleaner 330 ml / Product Code : I56

It increases the efficiency of the cooling system. Prevents wear and damage to the pump. It helps to reduce extra wear and damage caused by heat.

Brake Cleaning Spray 500 ml / Product Code : I26

It allows the parts to be cleaned without disassembly. It cleans the brake pad disc parts from oil and dirt and ensures that the parts function. It prevents extra wear by keeping the parts free of dust and dirt. It is used for part cleaning.

Multi-Purpose Lubrication Spray 200 ml / Product Code : I48

It is an excellent lubricant and cleaner spray that can be used in hundreds of problematic situations with its features such as lubricating, cleaning, rust prevention and dissolving, water removal, and noise reduction.

Liquid Grease (Nano Additive) 500 ml / Product Code : I49

Permanent durability, excellent adhesion, excellent lubrication

444 adds strength to your power

Steering Noise Canceling 330 ml / Product Code : I39

It is designed to provide high performance in hydraulic steering systems. It helps to reduce the noises in the hydraulic steering system. It reduces the wear on the working parts.

Stop Oil Leak Steering 200 ml / Product Code : I40

It helps to prevent leaks caused by hardening and drying of gaskets and seals in hydraulic steering systems. **The product is imported from America.**

Stop Oil Leak Engine 330 ml / Product Code : I35

It is formulated to revive dried and leaking gaskets and seals in old engines. It is a concentrated engine leakage prevention product. **The product is imported from America.**

Engine Cleaner 330 ml / Product Code : I36

It helps to clean the parts that the oil in the engine comes into contact with from wastes such as soot and varnish. It helps to increase the compression. It allows the oil sludge accumulated in the crankcase to be melted and thrown out.

444 adds strength to your power

Premium Diesel Fuel Additive 110 ml / Product Code : I33

It shows its benefits in a single application. Forms a layer that prevents residue from forming on the surface. It keeps the surfaces clean for 5000 km. Cleans the fuel system. It brings back the lost power. Provides uniform spraying. It regulates combustion. Diesel additive provides Cetane increase.

Premium Gasoline Fuel Additive 110 ml / Product Code : I34

It shows its benefits in a single application. Forms a layer that prevents residue from forming on the surface. It keeps the surfaces clean for 5000 km. Cleans the fuel system. It brings back the lost power. Provides uniform spraying. It regulates combustion. Gasoline additive increases Octane.

Premium LPG Fuel Additive AFX-4 20 ml / Product Code : I70

It helps to increase performance by regulating combustion. It helps to clean the LPG fuel system. Provides superior lubrication (upper cylinder, rings, valves) **The product content is imported from America.**

Radiator Stop Leak 270 ml / Product Code : I43

The more effective formula for professional use prevents leaks in the radiator. It prevents malfunctions caused by water loss. It avoids expensive repairs. Helps prevent leaks in all types of cooling systems. Positive results are obtained in cracks in all kinds of radiators. **It is imported from America.**

444 adds strength to your power

Quick Polish 600 ml /Product Code : 191

he fastest and most efficient way for polishing your vehicle. After washing process start polishing without drying and enjoy the brightness. The formula that dissolved in water provides long-lasting shine.

WHEEL CLEANER POLISHER 600 ml /Product Code : 186

It is a powerful product produced to clean all stubborn dirt and stains such as iron and brake pad dust, hardened heavy dirt and stains, road oil and dust, etc. on steel and aluminum rim surfaces or surfaces coated with these metals. It cleans the surface easily and perfectly without damaging the paint and varnish of the material.

PURPOSE CLEANER /Product Code : 188

The All Purpose Cleaner, inside your car, brings out the true colors and character. Strong enough to remove stubborn stains and dirt from vinyl, velor, fabrics, carpets, sheepskin flooring. It is PH-balanced and safe for the environment. Not only in the car, it can be used safely at home.

Torpedo Milk/Product Code : 184

In case of a wear off on dashboard, trim and rubber provides replacement. Thanks to its effective formula makes the daily cleaning, provides a new image and reduce the harmful effects of the sun. Spray to the surface, apply with microfiber towel or a sponge.

444 adds strength to your power

TYRE SHINER /Product Code : 185

Advanced product that delivers high brightness. Protects and keep tyre sidewalls with great looking case. By forming a layer in the applied area protects the tire from UV oxidation, brake dust and road grimes. Prevents browning, prevents stains and flow.

Windscreen Cleaner /Product Code : 183

It dissolves and cleans files wax residues Street dirt,oil dirton the windshields of the vehicle

Multi-Purpose Adhesive 200 ml / Product Code : 147

It is a two component fast adhesive. The activator prevents the adhesive from being absorbed by the surface, increasing the adhesion strength and accelerating the adhesion.

Hanging Bottle Fragrance 8 ml/Product Code:214

Hanging bottle fragrance leaves air and a unique scent. It creates a nice effect inside the vehicle with its stylish appearance. Thanks to the wooden cover that can absorb the scent, the scent spreads easily into the environment. It is easily attached to the interior rearview mirrors of the cars with its rope used for hanging.

444 adds strength to your power

Engine Exterior Cleaner Spray 500 ml/Product Code:176

it is a cleaning spray that easily and effectively dissolves dirt accumulated on engine or machine surfaces. The product provides a high usage performance by not causing any problems in the circuits on the surfaces you use and not causing abrasion on rubber, plastic or paint. Its environmentally friendly formula easily dissolves heavy dirt and oils and helps surfaces regain their first-day cleanliness.

Super Lubricant 250gr / Product Code:152

Produced with nano technology Reduces damage caused by wear and maintenance costs. Helps to save fuel and engine oil. Reduces engine wear caused by friction, increases durability

Tire Repair Kit 400 ml / Product Code:152

Generally, vehicle tires burst at the most unexpected and unexpected moments. You can practically solve the troublesome and tiring tire changing problem with this spray. Tire repair spray repairs your flat tire with its special formula that becomes rubbery when it comes into contact with air and can inflate it up to 20 psi. Tire repair spray repairs flat tires without removing them. It is a practical, fast and reliable product, does not damage the tire. It puts an end to being stranded on the road with a flat tire. Tire repair spray is a product that must be found in all vehicles considering the difficult road conditions. It does not repair large dents caused by rims and large cracks in the tire. It allows you to reach the nearest service. It is recommended that this product be used only in emergencies, that the vehicle is not used at very high speeds after using the product and that the tire is repaired as soon as possible. Product features and benefits: Tire Repair Spray is specially produced to repair and inflate tire bursts for emergencies.

444 adds strength to your power

Premium LPG Fuel Additive AFX-4 175 ml Product Code:180

Every Drop of Performance It regulates combustion and increases performance.Cleans the fuel system. Provides superior lubrication.(Upper cylinder, piston rings, valves) clean deposits in the combustion section. It removes water from the system.Winter - Summer provides easy working.Reduces exhaust emissions.It extends the life of the system.

Suitable for individual use

Motorcycle System Cleaner Fuel Additive 50 ml/ Product Code:129

444's special series prepared for Motorcycles. Contains a nitrogen-based detergent that can withstand the harsh conditions of the combustion chamber

Premium Motorcycle Oil Additive 50ml/ Product Code:158

It is an oil additive specially produced for motorcycles in the Netherlands. It has a unique friction modifier that is only activated in areas where the engine temperatures are 130°C and above. This product does not change the friction coefficient in the clutch plate area.

suitable for individual use

Ether Starter 200 ml / Product Code:165

It is a product that complies with the standards and is prepared for engines that have difficulty starting to start easily. Since it contains lubricating substances, it does not corrode the engine. Application: Spray the air filter or directly to the air intake manifold for 5-6 seconds from a distance of 20 cm by holding the tube vertically and start the engine. Or it may be preferable to press the starter while spraying.
